RE: ESSENTIAL HOME HEALTH CARE SERVICES DESIGNATION

(Expires according to state or federal order)

To Law Enforcement & Emergency Services Personnel:

The bearer of this letter is employed by Senior Solutions Home Care, a **statewide** provider of home care services, in an essential capacity, providing home care services to elderly and disabled clients who rely on caregivers for their essential needs at home. Many are unable to leave their homes alone or obtain health care elsewhere at this time. Both President Trump's National Emergency Orders and state and local shelter-in-place orders exempt essential services, including healthcare providers.

This letter verifies the **essential** nature of the bearer's duties and is not intended to encroach upon the authority and laws of state and local governmental authorities in any way. This designation is only meant to address travel to and from work assignments. If you need to verify the bearer's employment and that s/he is currently on assignment with Senior Solutions Home Care, please contact us **24/7** at **615-377-6566**.

Sincerely yours,

Kunu Kaushal
